## ABOUT US

Southern Image Tile & Marble is committed to Excellence. We expect nothing less and it all starts from the top.

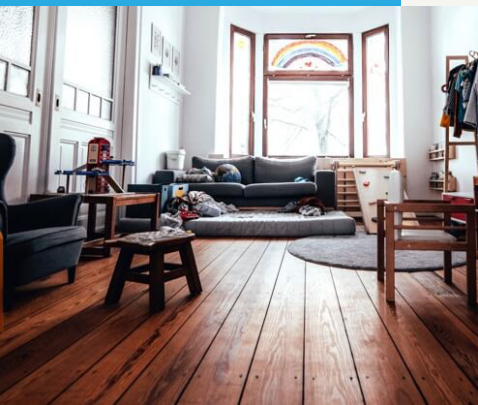

We know how important it is to get the small things right, not because we must, but because we love it. Being at your home can give us ideas of the design you are looking for and the good thing is that we are FLEXIBLE.

No strict contracts where once the deal is closed, we can't add more to your project before even starting the demolition.

Please feel free to let us know any concerns you may have during the process not just for yourself but for us as well. We are not in this business to make a dollar, we are in this business to see all our customers happy and spread the joy our business can provide.

# SERVICES

## HARDWOOD

Unfinish hardwood wood or prefinished hardwood, both has its tricks for installation but nothing that can't be done to fully satisfy your needs.

## LAMINATE

Top of the class laminate vinyl planks now 100% waterproof available. Great for basements, bathrooms or wet areas in your home.

# SERVICES

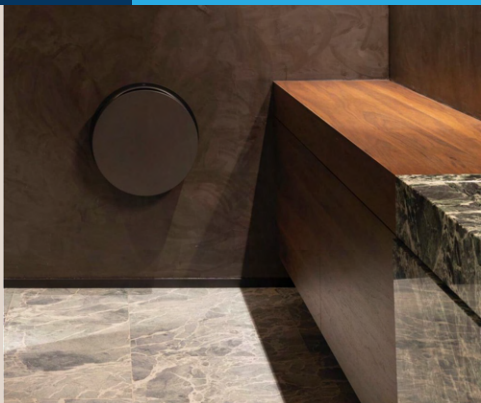

## CERAMIC TILE

Made up of sand, natural products and clay, then fired up in a kiln for its durability. Allow this product to last a lifetime in your home with the confidence of our great installers.

## MARBLE TILE

Beautiful marble tile can really express a home just on the installation alone. Allow us to show step by step on what it really takes to do a marble job installation. Other natural tile can also be installed from travertine stone tile to Saltillo tile.

# SERVICES

## BACKSPLASHES & FIREPLACES

---

No job is too small, that's where we take pride in our arts and craft. Kitchen backsplashes and fireplaces can be the final design to a room that really makes a place home. So please allow us to give you a quote and even help with design to fulfil your dreams.

## BATH RENOVATIONS

---

Over many years of experience and referrals, allow us to bring your dream designs to reality. We take much pride in complete bathroom remodels not only because the amazing, beautiful work we do, but because the joy it brings in people and our customers once the job is done.
